

Tobacco Monthly Surcharge:

HDHP Participants Who Use Tobacco Will Pay \$75 per Month

If you enroll in a high deductible health plan (HDHP) and use tobacco, you will be required to pay a \$75 monthly surcharge on your plan. A person is considered a tobacco user if they currently use any of the following products, including but not limited to: cigarettes, e-cigarettes, cigars, chewing tobacco, smokeless tobacco, snuff, vapor, etc.

If you and/or your spouse or domestic partner use tobacco and enroll in a company HDHP, a single \$75 monthly tobacco surcharge will be deducted from your pay.

Want to avoid the surcharge? Here are two ways to do it.

You can avoid the \$75 monthly surcharge by:

- **Quitting your tobacco use for at least three months.**

If you're ready to quit, your body and wallet will thank you! Contact Employee Hub to report your change in status to waive the tobacco surcharge.

- **Completing the Freedom from Smoking Plus Tobacco Cessation Program.***

When you complete this eight-week program, you will receive a certificate of completion statement. Submit this to Employee Hub to waive the tobacco surcharge. To ensure you have no surcharges for the next year, you must complete this program by **December 15**. Please call Employee Hub at **1-800-303-0408** for a direct link to participate.

* All regular, full-time employees may participate in the Smoking Plus Tobacco Cessation program. You do not have to be enrolled in one of our HDHPs to participate. Spouses/domestic partners and dependent children (ages 18 -26) may also participate if they are enrolled in one of our health plans.
