

Anthem Virtual Care

Find complete care support, at your convenience, through the Sydney Health mobile app.

Accessing the care you need, when you need it, matters. That's why the Sydney Health mobile app connects you to a team of doctors ready to help you on your schedule.

When you're not feeling well, Sydney Health can help.

Check your symptoms and connect with a doctor through the app.

Assess your symptoms.

Start with the Symptom Checker and answer a few questions about how you are feeling. You'll receive information and advice tailored to your gender, age and medical history. The Symptom Checker was built with doctors and medical professionals. It intuitively uses the information you provide to narrow down millions of medical data points to assess your specific symptoms before you even see a doctor.

Connect with a doctor.

The app can connect you to a board-certified doctor through a Virtual Text Visit or Video Visit right from your phone or tablet.

Virtual Text Visits offer the convenience and privacy of texting with a qualified doctor anytime, anywhere. Through a Virtual Video Visit, the doctor will be able to see what you're experiencing and diagnose your symptoms. They can talk about your treatment options and order prescriptions and labs, as needed. They can also let you know whether you need an in-person visit as a next step.

Save money.

The Sydney Health Symptom Checker is free. Virtual Text Visits cost less than most co-pays, at \$39 or less per visit, depending on your plan. Virtual Video Visits through LiveHealth Online are \$59 or less, depending on your plan.
