

Heritage Employee Wellness Center Update

Thank you for the support and trust you have given the Heritage Employee Wellness Center for your healthcare needs. We are writing today to announce a change in your medical care providers. Dr. Stochel will no longer see patients at the Heritage Employee Wellness Center effective Feb. 18. Dr. Stochel will be expanding her role as Ascension St. Vincent Employer Solutions Regional Medical Director. Dr. Stephan Zentner and Dr. Audrey Wehr will continue to serve as the Heritage Employee Wellness Center providers.

Please join us in wishing Dr. Stochel all the best and continued success as the Ascension St. Vincent Regional Medical Director. If you have an appointment scheduled with Dr. Stochel after Feb. 18, the office will contact you to reschedule with Dr. Zentner or Dr. Wehr.

Please know that you and your family are our highest priority when providing high-quality healthcare. Dr. Zentner and Dr. Wehr look forward to continuing to provide the best care and outcomes for the associates and family members of The Heritage Group and Arcwood Environmental.

Our providers

Stephan Zentner, MD
Family Medicine

Originally from the great state of North Dakota, Dr. Zentner received his medical degree from Loyola Stritch School of Medicine and completed a family medicine residency at St. Lawrence Hospital, Lansing, Michigan. He is board certified in family medicine.

Dr. Zentner joined the wellness center team in 2016. He took a two-year hiatus to help family on the East Coast and returned to the center in 2024. He is truly grateful to continue to work with a team that is passionate about improving the health of the patients they serve.

Audrey Wehr, MD
Internal Medicine
and Pediatrics

Audrey Wehr, MD is a native of West Lafayette, Indiana and earned her medical degree from Indiana University in 2007. Dr. Wehr is board certified in internal medicine and pediatrics, and is also a member of the American Academy of Pediatrics and the American College of Physicians. She takes special interest in preventive care, obesity management, behavioral health and diabetes care management. Dr. Wehr strives to provide knowledge and compassionate care to her patients.

Outside of the office, Dr. Wehr enjoys spending time with her husband and her three boys.
